

# School Strategic Plan for **Mount Alexander College.**

## **School Number 7763**

### **2015-2019**

Mount Alexander College is currently undergoing a transformation as a student centred school with a focus on authentic student empowerment.

Mount Alexander College believes that a vibrant school culture with a shared enthusiasm for lifelong learning is the key to successful student outcomes. The school aims to provide students with a safe and positive learning experience where they are empowered, engaged and supported to reach their full potential. All members of the school community are treated with respect, fairness and equality.

From 2016, students will be able to select subjects that they are passionate about regardless of their year level. Through a vertical curriculum structure, students will be able to select subjects above their chronological age. Traditional year levels will be removed.

Effective induction programs facilitate a warm welcoming transition into a caring school environment. At MAC, students are known by a name and not by a number. Every student will have their own individual learning plan, catering for their passions, needs and interests. It is possible for a student in Year 8 to undertake a Pre VCE or VCE subject. 'Readiness' for such learning opportunities will be determined with course counselling and guidance provided.

The goal is to cater for the diverse needs of all our students and prepare them to be adaptable, curious life-long learners of the 21<sup>st</sup> century. The school intends to work actively with its local community and be seen as the school of choice in the area because it provides access and equity for all, a central tenant of the meaning of public education. On a system level we intend to foster communities of collaboration and cooperation rather than competition.

|-----------------------|---|
| <p><b>Purpose</b></p> | <p>To provide a safe and supportive community of life-long learners where respect, success and diversity are valued and where students and staff are supported to realize their potential both within the college community and beyond.</p>   |
| <p><b>Values</b></p>  | <p>1.Striving for Excellence<br/>The development of a passion to learn and high aspirations through the pursuit of excellence in teaching and learning. The celebration of personal achievement and success.</p> <p>2.Belonging/Community<br/>The provision of a safe inclusive learning environment in which all members of the school community feel a sense of belonging and are valued for their contributions to the college. A sense of community is encouraged through inclusive practices that reflect a respect for individual differences and a celebration of diversity.</p> <p>3.Engagement<br/>The implementation of a meaningful, relevant and appropriately challenging curriculum and the provision of co -curricular programs that encourage participation, citizenship and student leadership.</p> <p>4.Integrity<br/>The promotion and modelling of consistently honest, transparent, responsible and ethical behaviour that upholds these core values and principles.</p> |

### Environmental Context

The school is located in the City of Moonee Valley in Flemington and is a 7-12 school with an enrolment of 310 according to the 2015 February census.

In 2015, the SFO was 0.6938 which is above the state median of 0.5186 and 100 current students are EAL eligible. The cohort of students is multicultural and students are enrolled throughout the year.

With enrolment growth, the number of subjects offered has broadened with curriculum documentation, consistent assessment and the development of technology as the key teaching and learning tools.

As of 2016 the college has implemented BYOD for all students and has moved to Compass to document attendance and assessment and general communication of curriculum. Teachers report to parents every six weeks using a system that graphs achievement progressively over the year.

In 2016 the school embarked on a learning revolution, vertically streaming all classes across the college and an ethos of teaching and learning based on student voice, with the students as active participants in the construction of subjects that are offered at the college

In 2016, the school has embarked on significant facilities upgrades in order to make better use of the physical learning spaces to facilitate 21<sup>st</sup> century learning.
